## EDUCATION

---

### BTech Computer Engineering

gramin technical and management campus • Vishnupuri,Nanded. •2021-2025

## PROJECTS

---

### Designed UKBank Report - PowerBI

- The project was published with the help of the PowerBI.
- This project is one type of report which has a creative dashboard.
- That report contains the analytic data of the customers.

### Healitho – React/[Node.js](#)

- Developed a project using React.js and Node.js focused on health services and resources.
- Provides users with essential healthcare details in a structured and accessible way.
- Designed a user-friendly interface to ensure smooth navigation and interaction.
- Aims to support users in better health management through digital access to information.

### InsurePro -HTML/CSS

- Developed a project with the HTML &CSS which gives the details about the insurance policy.
- It gives the basic information that every person should know about the policies, and provides the local agent accordingly.
